PRESIDENT'S MESSAGE | November 2022

November is the time of year where we start to reflect on the past year and reflect on the things we are thankful for. 2022 has been a wonderful year for our orchid society with gorgeous show tables at our meetings, great speakers, enjoying the company of each other, a successful orchid show, and innovative ideas to keep our orchid society moving forward. Inevitably, as I highlight some areas, I will forget to include something important. Please charge it to my head and not my heart.

This was the first orchid show we've had in two years. Not only was it our first show in quite a while but it was our first outside of Franklin Park. Tom did a great job of helping us secure a new location, Polaris Fashion Place. We had several orchid societies put up displays and had multiple vendors. There were lots of questions by members of our community, and some even travelled from a couple hours away to our show. Many people joined. This could potentially be the first of many shows held at this location.

Wendy was instrumental in setting up and creating the graphics for COOS items on Society 6 and RedBubble. As result of the purchases people made, we received some money from the sales that will go directly into our account.

I also want to thank Tom Lochner for the very generous donations he made this year to the society.

One thing the COOS Board needs to discuss for the upcoming year is whether we want to keep meeting at Franklin Park Conservatory for our monthly meetings. This year, we were only able to have 10 meetings and are no longer able to host our show at their location. One of the changes for 2023 is that we would only be able to have 9 meetings (January – September). Please keep in mind some potential alternatives we could discuss and share them with us as soon as possible. We want to keep our options open.

I am looking forward to seeing everyone at our potluck on Thursday. Please keep in mind that it will NOT be at Franklin Park. We will instead be seeing you at:

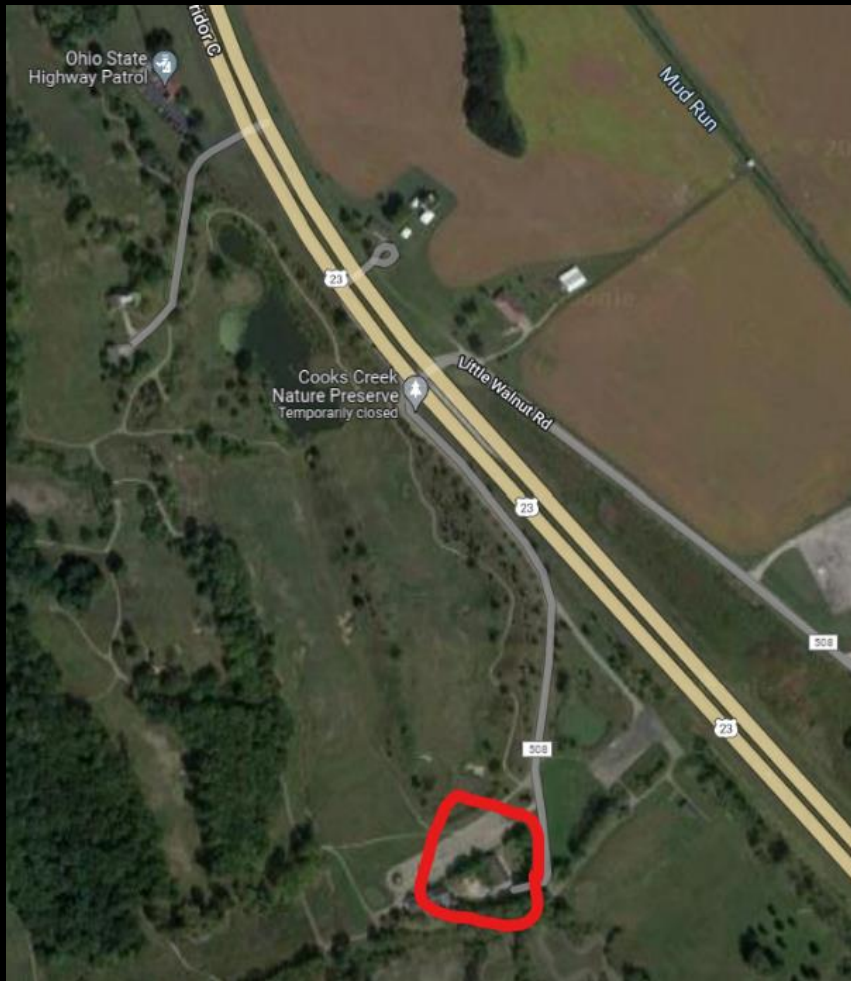

Cooks Creek Club House
16405 US 23
South Bloomfield, Ohio

What to bring for the potluck ... Last names beginning with:

A-H = a main dish
I-O = a side dish
P-Z = a dessert

Bring a crock pot or hot plate if your dish needs to be heated. We will have water to drink, but if you would like something else (non-alcoholic) feel free to bring it. We will also have a show table, so bring your flowering plants!

Amy Stanley
COOS President

Grown by Tennis Maynard

MASDEVALLIA

Masdevallia Georgian Franczyk
Grown by Tom Hart

OTHER

Catasetum Susan Fuchs 'Sunrise'
JC/AOS
Grown by Tennis Maynard

During the growing season, Catasetum orchids like bright light, high humidity, and plenty of water and fertilizer. Give them a strict winter rest when they drop their leaves and go dormant. Only begin watering again in the spring after new roots are at least three inches long.

Native Orchids of Ohio and Adjacent States

Tour = May 14-May 25

There are over 200 different orchid species native to the USA, and the Ohio valley is home to over 50 species, including some of the most spectacular ones. We have planned a tour and dates that will maximize the number of slipper orchid species that we will see (e.g. *Cypripedium acaule*, *C. acaule* var. *alba*, *C. parviflorum* var. *pubescens*, *C. parviflorum* var. *makasin*, *C. kentuckiense*, *C. candidum*, *C. x andrewsii*) in addition to many other lovely orchid species including *Galearis spectabilis*, *Isotria verticillata*, *Spiranthes lucida*, *Aplectrum hyemale* var. *pallida*, and *Neottia cordata*. The Ohio valley also has several famous historical sites including the Serpent Mound, Fort Hill Earthworks, the Portsmouth Murals, Kelley's Island, the Glacial Grooves and the Marblehead Lighthouse, all of which are featured on our tour. Other flowers and interesting plants will include the lakeside daisies (*Tetranneuris herbacea*), lupines, azaleas, interrupted ferns, and forest lousewort. Our tour begins in Columbus Ohio, travels south and west to bordering Kentucky, north and west to neighboring Michigan and ends in Buffalo, NY, with the spectacular Niagara falls as the finale. Our small group will be traveling in a minibus, and staying at very nice hotels near the reserves and conservation sites. Our guides Angela Carter and Jeanne Rhinehart both live in the Ohio Valley, are active in the Native Orchid Preservation and Education Society, and know all the best sites to see these orchids and other wildflowers. We will visit several conservation reserves and areas that not open to the public.

Dates & Prices

- Dates: May 13-May 25, 2023
- Price: \$2800 \$1000 single supplement (total \$3800).
- Deposit: \$500 per person. Due by Feb 1. (Refundable up to this date)
- Final Payments Due: April 1, 2023
- Price includes: Price includes ground transportation, driver, guides, breakfast and lunch, hotel accommodations, entry to reserves, parks et.
- Not included: Round trip airfare, travel insurances, alcohol, personal items, tips. Also for this trip, dinner is not included in the price. This is due to the very limited choices for vegetarians at many of the restaurants. The hotels are located in areas near local restaurants, so participants can make their own choices.
- Conservation Donation: Included in the price is a donation (~\$500 per person) to the Orchid Conservation Alliance. The Orchid Conservation Alliance is a 501(c)3 organisation, and for USA residents, the donation may be tax deductible. A formal acknowledgement letter with the exact amount donated is sent to each participant at year end
- Leader: Angela Carter and Jeanne Rhinehart
- Group size: Maximum of 8
