PRESIDENT'S MESSAGE | November 2023

Our annual show and sale was a huge success again this year thanks to all of you who donated your time, food, and blooming orchids for our exhibit. We had a lot of people viewing the orchid displays and buying orchids from our vendors. It was a lot of fun. I really appreciate all the many people who helped with set-up, tear-down, clerking, and working at the information table. The key people that made this work were Terry and Sandra Stohr in managing the hospitality; Ken Mettler in judging chair and COOS exhibit set-up; and Tom Hart as interface and coordinating with the Polaris management, as well as helping out with every aspect of the show. Thank you all very much.

I'm sure you saw the email from Tom about the banquet/pot luck. This is always a fun social event and the food is delicious. Please attend if you can.

Just a reminder, there won't be a meeting in December.

Finally, I have some sad news about a former member passing. Michael Somerville, age 79, passed away in September. Originally from Toledo, Ohio, he graduated from OSU with a BS in Agriculture. In addition to being a member of COOS, he was a member of the Eagle Scout Assoc. and the Ohio Wine Producers Assn. His love of nature became his life's passion and spirituality. He adored gardening, photography, wine making, and growing orchids. He will be deeply missed. His full obituary can be viewed at:

Thank you for being a member of the Central Ohio Orchid Society.

Dave Markley

Interim President

Central Ohio Orchid Society

"Thank you to all who provided food and cash for the Orchid Show Hospitality. Also, thanks to those who helped set up and take down. It was greatly appreciated." – Sandra & Terry Stohr

PLANT OF THE MONTH OCTOBER 2023

This lovely *Bulbophyllum* is native to Indonesia, Philippines, and New Guinea. The flower is a bright yellow-green with a sharply contrasting lip. Tennis grows this plant in warm conditions in his greenhouse, giving it lots of light, regular feeding, and high humidity. Tennis grows this species in straight Coconut Husk Chips, in plastic pots.
