## PRESIDENT'S MESSAGE | September 2022

I do hope everyone is doing well as we continue through the year. We have a few things to look forward to in our near future - our cookout this weekend and our upcoming show at Polaris.

The cookout will be at my house on **09/17/22** from **12p-4p**. Please remember to send Tom a headcount and bring a side dish or dessert. I personally will be making some pizzelles. If you have them, please bring card tables and your favorite chair. You can park on the street in front of/near my house or you can park at the Crosswalk Church parking lot along the fence. I will have the gate to my backyard open. The address for **Crosswalk Church is 751 Rosehill Road** \* Reynoldsburg. Don't forget to bring your blooming plants for the show table and if you have some plants you want to sell (20% goes to COOS) bring those too. I will have multiple donated phals from Dick Wells that will be sold for \$7.00 each with 100% of the price benefiting COOS. Several are in spike. Also consider taking some home to foster for the winter  
\*Smile\*

As far the **Polaris show**... here are some things to keep in mind. We will need **volunteers** for the weekend... lots of volunteers. Think about how you might like to volunteer, educating people who stop by, learning more about judging, etc. We are planning on putting in an order for matching shirts... so keep your eyes open for this announcement.

We would like to hear about what type classes, special interests, information about orchids you would like to know about, demonstrations you would like to have in the future. Please email me or anyone on the board.

*Amy Stanley*

# AUGUST PLANT OF THE MONTH

## *Habenaria erichmichelii*

Grown by Edna & David Markley

**EDNA:** I grow my *Habenaria erichmichelii* in Orchinata pine bark, classic size, along with chopped sphagnum moss, charcoal, and perlite.

**Dormant period:** Towards the end of November, the leaves dry up. At that point I stop watering completely.

**Growing period:** around April, I start to see new growth and when it progresses to about 1 inch or so, I start watering again along the edge of the pot. I use MSU fertilizer weakly (about 1/4 tsp per gallon of water) applied every other week. I grow them under lights (intermediate to warm) until the beginning of June, then bring them outside under shade.

Announcing the first

## **NATIVE ORCHID CONFERENCE** **Photo Showcase**

The discovery of a native orchid in the wild can be exhilarating. This is your chance to  
***SHARE the JOY!***

Photographers and wildflower enthusiasts are invited to submit favorite native orchid images to the Native Orchid Conference. Our objective is to encourage a larger audience to appreciate these natural treasures and to join us in our effort to preserve them and their habitat. Many of your photos will be published in a dedicated edition of the Native Orchid Conference Journal. Please join us and share your joy.

**Eligibility** - anyone may participate; Adult or Youth (grade 12 or lower when photo was taken)

**Timing** - submissions accepted immediately through November 15, 2022

**How to submit** - email up to 3 images to [nocphotos2022@gmail.com](mailto:nocphotos2022@gmail.com)

**Entry criteria** -

- Image must be of native orchids (species or natural hybrids) in their natural habitat
- Image may be a single flower, a full or partial inflorescence, multiple plants, a habitat overview (orchids must be discernable) or a close-up of flower features
- Image must have been taken in the US or Canada
- Do not include props or artificial backgrounds
- Include photographer's name, contact info, name of orchid(s), identify the image & specify if Adult or Youth
- Delete metadata or any reference to specific location of plants
- If image was previously published, provide details
- Only basic adjustments permitted (flowers should appear as they did when seen in nature)

**Selection for publication** - entries will be evaluated based on adherence to the above criteria, composition & esthetics, proper plant ID, and educational or conservation relevance.

**Recognition** - selected entries will be featured in an exclusive edition of the *Native Orchid Conference Journal*. Images remain the property of the photographer who retains copyright privileges. Photographers will be contacted and given an opportunity to provide anecdotal information about their entries which will be included in the Journal.

**Special Award** - three entries from each age group will earn the photographers a one year, free membership in the Native Orchid Conference.
